

SCAT INDIA TRADESHOW 2022 SHOW GUIDE

*India's Most Focused Event For The Satellite, Cable TV, IPTV And Broadband Industry
Is Set To Be Held From 13-15 October, 2022*

The 30th edition of SCAT India TradeShow under the aegis of Asia's Broadcasting and Infotainment Show (A.B.I.S) will take place from 13-15 October, 2022 at an all-new venue Jio World Convention Centre, Mumbai. Organised by NuernbergMesse India, A.B.I.S is an umbrella brand showcasing the entire global media & entertainment ecosystem which includes the brand new content marketplace - Content India Show – Conference, the Broadcast India Show in its 31st year and the SCAT India TradeShow (Satellite & Cable TV) in its 30th year.

The A.B.I.S Show in the post pandemic world will usher in a new stream of cutting-edge technology which will enable and drive the media

content chain. It will feature the latest innovations and disruptions being showcased from across the broadcast,

a diverse range of products on display, an engaging knowledge programme, along with relevant business and networking opportunities.

The theme of the A.B.I.S Conference 2022 conference is 'Entertainment & Media: Riding A New Wave of Transformation'. The 3-day conference session will feature panel discussions, workshops on trending topics across the Broadcast, Entertainment, Cable, Broadband, IPTV and Content segments. The conference is an opportunity to network with top industry players

and keep abreast with the latest trends and technologies in this exciting world of Entertainment and Infotainment Technology.

M8: INNO INSTRUMENT INDIA PVT. LTD.

INNO Instrument is One of The

Reputed Global Equipment

Suppliers To The Telecommunications And Networking Industry.

We Support Our Industry Players And End-users To Maximize Their Cable And Fiber Optic Plant Investment Through The Operation Process Of Installation, Maintenance, Monitoring, And Troubleshooting Of Optical Networks.

Addressing The Current Situation of Unprecedented Demand For Digital Communications During The Pandemic, The Role Of Telecommunication And Networking Has Forced Telco Infrastructures To Consume More Energy Than The Past, Expanding Their Carbon Footprint—a Sudden Surge Of Usage And Demands Resulting In Network Traffic Congestion.

INNO's Flagship products And Solutions are Inclusive But Not Limited To:

- a) FTTx Equipment Solution includes OTDR, various tools, and accessories, ARC Fusion Splicer, integrated with VIEW PRO Manager a cloud management system and GPS tracking device for anti-theft.
- b) Fixed Broadband Access Solution up to 10 Gigabit Internet Solution.
- c) OTA Testing and measuring equipment for 5G Network and 5G DAS to cater to MDU demand.

M9: EXTREME LABS INDIA PVT. LTD.

Extreme Operates India's Largest Internet Exchange, Extreme Ixp With Its Presence Spread Over 35+ Locations Across 6 Cities With Many More In The Works Already. Extreme Is Also The Innovator Of Internet Acceleration In India With Its Internet Acceleration Suite Introduced A Decade Ago, Revolutionising

The End-user Experience Among Wired

Line Isps.

Extreme Believes That Wired Line Isps Who Build Solid Businesses Around Customer Experience Not Only Keep Competition At Bay But Also Gain A Lion's Share In Their Markets Becoming The Market Leader Very Quickly. To Further This Vision, Extreme Has Created India's Largest And The Only Data Center Neutral And Carrier Neutral Internet Exchange That Caters To Isps Big And Small Without Any Discrimination. Not Only This, Extreme Ixp Is Probably The World's Only Internet Exchange That Has Expanded Its Reach Outside Of Data Centers By Creating Edge Pops That Deliver The Same Content Across The City. This Has Required The Creation Of Significant Content Carrying Capacities Across Multiple Pops In Its Cities Of Presence. No Other Internet Exchange Has Till Date Created Such A Model That Takes Content As Close To The User As Extreme Has.

Extreme Is Also Proud To Announce That It Has Become The First Internet Exchange Of India To Onboard A Fintech Co. – The Payments Giant, Phonepe. This Partnership Has Opened Up Newer Avenues For The Advancement Of Fintech At Its Peak Customer Experience Levels. Nazara Games And Riot Games Have Also On-boarded Extreme Ixp To Elevate Their Customer Experience To Never-before Levels.

O20: SPACECOM SOFTWARE LLP

Spacecom Software is a pioneer in the broadband internet subscriber

management industry. Our

flagship product Log2Space was launched in 2004 and currently helps over 700 ISPs in 2000 locations across India with managing their operations.

We were the first company to offer a AAA/Radius solution as a SaaS service. This has made L2S the default choice for all ISPs starting out. We continue to enjoy our journey of empowering ISPs across India and innovating systems that become standard practice across the industry.

Our new L2S offers a large feature set for ISPs to manage their network, business and subscribers. This includes support for all BRAS systems, integration with WhatsApp,

and more. Get in touch with us at info@spacecom.in to get a demo.
